Colour

Driving through the countryside this time of year, the first thing you notice is the colour. Umpteen different greens as the leaves unfold, the yellow of flowers and fields of rape seed.

But colour, especially coming after months of winter drab, does have a huge effect.

Former Beirut hostage Brian Keenan described how he stared for days at the colours of fruit he was given by his captors, not eating it for fear of losing the colour.

We use colour in metaphors: seeing
